## ENVIRONMENTAL LAW CENTER

### Summer Session

- ◆ 30 Courses in Toxics, Risk Assessment, Land Use, Biodiversity, and Alternative Dispute Resolution
- ◆ Nationally recognized faculty
- ◆ JD or Graduate credit

### Master of Studies in Environmental Law

- ◆ Interdisciplinary program of environmental policy, law, science, and ethics
- ◆ One-year, summers (two-week sessions), and part-time options

*All programs are open to env'l professionals, advocates, lawyers, & educators.*

## "It's a School within a School."

A unique opportunity awaits you at the Institute for Environmental Education (IEE). Thousands of students are trained each year. They are drawn from business, government, armed services, education and other non-profit groups. This is our **business market**. Folded into this is our **consumer market**. This segment is comprised of prospective new entrants to the environmental market, as well as, environmental workers who desire further schooling to enhance their career.

IEE has developed a series of **Career Certificate Programs** for this consumer market. Both segments—business and consumer—sit side-by-side in class pursuing their chosen studies. Networking is at its peak. **It's a school within a school**. Licensed by the Commonwealth of Massachusetts, Department of Education, IEE offers a fast-track, non-traditional path to vocational and degree program candidates.

Visit us on the web: [www.ieetrains.com](http://www.ieetrains.com)
